EMCS Options Installed

(This form **MUST** be sent with your ECU)

NOTE: The vehicle's ECU <u>MUST</u> be free of engine codes (DTC, CEL, EPC) prior to the arrival or shipment to ECS Tuning. *(Simply clearing engine codes will <u>NOT</u> be sufficient)*

Customer Name: _____
Customer Order Number: _____
Customer Phone Number: _____

Vehicle Year _____
Vehicle Make _____
Vehicle Model _____
Vehicle VIN# _____

Vehicle Transmission Type ☐ Manual ☐ Automatic (NOT DSG or Tiptronic)
☐ DSG ☐ Tiptronic
Drivetrain ☐ AWD ☐ FWD ☐ RWD
Vehicle Engine Type _____
# of stalks to left of steering wheel (Cruise Control) ☐ 1 ☐ 2 ☐ 3

Select your program(s) below based on the order you would like them installed.
Example: If you are purchasing a 4 program, place a 1 by the option you would like first, 2 by the second program, 3 by the third program and 4 by the fourth program. Do not use "x" as this does not designate an order of programs. You may only select the number of programs which coincide with the program purchased.

Gas Vehicles:
___ Stock Program
___ 91 Octane ((R+M)/2)*
___ 93 Octane ((R+M)/2)*
___ Valet Program
___ 100 Octane ((R+M)/2) Race Program*
___ 104 Octane ((R+M)/2) Race Program*

Diesel Vehicles:
___ Stock Program
___ Performance
___ Economy
___ Valet

The following options are not part of the APR programs that you select from above. If your vehicle accepts the following features, you may add them.

___ Fault Code Erase/ Throttle Body Alignment
    If your car is equipped with an electronic TB, you may select this option.
    By selecting this option, your TB position is re-calibrated.

___ Anti-Theft
    This feature prevents the car from starting when enabled.
    Unique access code entry (see below) is required for this feature to be disabled.

Unique Access Code ____ ____ ____ ____ (ATTENTION: Can not contain "0". Numbers must be from 1-9)
    If you select a unique access code, this code must be entered in order to unlock the EMCS programs.

    *Indicates a program designed only for use with unleaded gasoline with a minimum octane rating as specified

Special Instructions (Vehicle Modifications):

```

```
